Built-In Home Office Cabinets with a Stone Worktop

Product Specification Schedule

Office configuration	Built-in desk with side storage, drawer units and optional upper cupboards or open shelves, configured to retain the seated opening.
Selected stone worktop	Sintered stone worktop
Front construction	Melamine-faced particleboard cabinet doors and drawer fronts, with matching exposed panels and finished shelf edges.
Cabinet box choices	Melamine-faced particleboard, or an adopted plywood design with 18 mm sides, bottoms and shelves plus a supported 6 mm back. The thin back is not the sole wall-fixing structure.
Workstation planning	Worktop depth: 30 in (762 mm). Clear knee zone: 30 in W x 19 in D x 27 in H (about 762 x 483 x 686 mm). Overall desk height is fitted to the user and worktop build-up.
Hardware & drawer options	DTC or Blum soft-close hardware; optional wooden drawers use adopted 12 mm plywood sides/backs and a supported 6 mm bottom, with runners and file fittings selected by unit.
Worktop support & services	Stone top, backing, edge build-up, cutouts and span supports follow the fabrication detail. Equipment bays, cable openings and accessible service routes follow the selected devices.

Office worktop material

Sintered stone: Sintered stone worktop

Marble-look quartz: Marble-look engineered quartz stone worktop

Home Office Cabinet Package & Separate Equipment

Built-in cabinet package: Scheduled desk/storage units, fronts, shelves, drawers, selected hardware, finishing panels, fillers and the support pieces listed for the desk run.

Stone top & optional fittings: Selected sintered-stone or quartz worktop, edges and cutouts; file frames, pullouts, keyboard trays and cable fittings itemized by position.

Electronics & seating: Computers, screens, printer, monitor arms, power accessories and task chair are separate purchases unless named in the order.

Delivery & site installation: Packing, destination freight, unloading, cabinet fixing, stone fitting, sockets, data outlets and electrical connection are itemized separately from cabinet supply.
