Gray & Copper Bedside Table Lamps

Product Specification Schedule

Model & use	XG8070 indoor table lamp; one E27 light source.
Selected light color	XG8070 in the combined gray and copper finish, iron and cloth-cover materials, with one included E27 source and 3000 K light color.
Listed product size	D380 x H650 mm as listed. Base dimensions, required tabletop footprint and surrounding clearances are separate from this product-size reference.
Materials & finish	Iron and cloth cover; combined gray and copper finish. Copper describes the finish color, not a solid-copper fixture material.
Bulb holder & included source	One E27 source; light source included. Bulb technology, shape, input voltage, actual wattage and permissible maximum wattage follow the ordered lamp and bulb specifications.
Listed voltage basis	110-220 V as listed. The actual lamp, bulb, cord and plug package must match the destination supply and applicable requirements. The listed range does not establish automatic voltage conversion or plug compatibility.
Cord, switch & controls	Plug type, cord length, switch type/location and any dimming compatibility are defined for the ordered assembly.

Table lamp color temperature

3000 K: XG8070 in the combined gray and copper finish, iron and cloth-cover materials, with one included E27 source and 3000 K light color.

4000 K: XG8070 in the combined gray and copper finish, iron and cloth-cover materials, with one included E27 source and 4000 K light color.

6000 K: XG8070 in the combined gray and copper finish, iron and cloth-cover materials, with one included E27 source and 6000 K light color.

Table Lamp, E27 Bulb & Room Allocation

XG8070 fixtures: Iron/cloth-cover lamps in the combined gray and copper finish, with selected light color and quantities by room.

Bulb & electrical package: Included E27 source identified by its bulb specification; destination voltage, plug, cord and switch arrangement specified with the lamp.

Furniture & room setup: Bedside tables, beds and other furniture remain separate products; outlet location, table placement and cord routing coordinated for the room.

Packing & delivery: Protected cloth cover and metal finish, associated bulb and fittings, fixture/CCT references, packing quantities and delivery destination identified for the order.
