Ash-Frame Writing Desk with a Leather Surface and Drawer

Product Specification Schedule

Desk configuration	Writing desk with a leather-covered work surface, raised rear wood edge, one integrated drawer and open side frames. Home-office or study placement; chair and equipment supplied separately.
Selected desk configuration	Brown saddle-leather surface and drawer front with a walnut-toned ash wood frame, raised rear wood edge and one integrated drawer. The leather reference, wood finish, measured size and drawer specification are identified for the order.
Frame material & wood finish	Ash wood frame with a warm walnut-tone finish. Walnut describes the finish, not a verified walnut timber substrate. Exposed finish and connection details are selected for the order.
Leather surface	Supplier-listed saddle leather, shown brown across the writing surface and drawer front, with visible stitching. Leather reference, grade, thickness, tanning and protective treatment require specification.
Drawer & rear edge	One integrated drawer and a raised wood rear edge are shown. Drawer interior, runners, closing action, travel, handed position, load and rear-edge dimensions are order details.
Size & chair fit	Overall width, depth and height with units; clear underside and knee space; chair-arm clearance and drawer opening travel are confirmed for the selected desk.
Supply & receiving	Individual desk package with specified drawer fittings, floor-contact parts, assembly format and surface protection. Actual packed dimensions, weight and destination are identified for delivery.

Desk configuration

Brown Leather / Walnut-Tone Ash: Brown saddle-leather surface and drawer front with a walnut-toned ash wood frame, raised rear wood edge and one integrated drawer. The leather reference, wood finish, measured size and drawer specification are identified for the order.

Writing Desk, Leather, Drawer & Delivery

Individual writing desk: Quantity and room reference, selected measured size, ash frame, raised rear edge and single integrated drawer. Chair, lamp, computer and other equipment are separate.

Leather & wood finish: Brown leather reference, seam and edge treatment, and walnut-tone finish for the ash frame; agreed appearance for any repeated desks.

Fit & drawer package: Underside clearance, actual drawer position, interior, travel and fittings; equipment, cable routing and any required use or load information.

Packing & destination: Leather and wood protection, supplied assembly fittings and responsibilities, actual packed size and weight, receiving route and destination.
