Green Marble-Top Sideboard with Steel Disc Feet

Product Specification Schedule

Cabinet configuration	Wide storage sideboard with an inset marble top, faceted front panels, an open end compartment and polished disc feet.
Selected configuration	Green baked-paint plywood body with a natural marble top and stainless-steel base. The pictured configuration has faceted fronts, an end opening and polished disc feet.
Listed exterior dimensions	Width 112.4 in x depth 23.23 in x height 35.43 in. These are exterior product dimensions; usable openings, internal clearances and door travel require separate measurements.
Marble top	Natural marble top with the dark green veined appearance shown. Stone selection, finished thickness, edge treatment and protection are identified for the order.
Cabinet body & finish	Plywood body with a green baked-paint finish. Visible fronts have a glossy appearance; panel thickness, internal finish and door hardware are specified for the purchased configuration.
Base & floor interface	Stainless-steel base with polished disc feet. Steel grade, connection details, floor-contact parts and any required restraint are confirmed for the actual cabinet and site.
Storage & delivery inputs	Confirm usable compartments, shelf and hardware arrangement, required top/storage loads, assembly format and supplied fittings. Packed size and weight are separate from the exterior furniture dimensions.

Sideboard configuration

Green / Marble: Green baked-paint plywood body with a natural marble top and stainless-steel base. The pictured configuration has faceted fronts, an end opening and polished disc feet.

Sideboard, Materials, Hardware & Delivery

Individual sideboard: One green marble-top storage sideboard configuration, quantities and room references. Lamps, books, seating and other display objects are separate.

Stone, body & base: Selected natural marble, top edge and thickness, green plywood finish, internal finish and stainless-steel base details.

Storage & site fit: Exterior dimension confirmation, usable storage openings, front/end access, actual hardware, required loads and floor/support conditions.

Packing & destination: Stone and finish protection, assembly format, supplied fittings, actual packed dimensions/weight, receiving route and delivery destination.
