Backless Black Ash Wood Bar Stool with a Gold-Tone Footrest

Product Specification Schedule

Stool configuration	Backless stool with a contoured exposed-wood seat, three wood legs and a gold-tone metal footrest; one black wood appearance shown.
Selected appearance	Black-finished ash wood stool with a contoured backless seat, three wood legs and a gold-tone metal footrest. Actual dimensions, wood finish and footrest material are identified for the order.
Wood material & finish	Ash wood is listed for the stool. The selected seat and legs have a black finish; actual wood build, joints, coating and exposed-edge treatment are specified for the order.
Footrest material scope	Metal footrest with a gold-tone appearance. Substrate, grade, surface treatment, connection details and the usable footrest position are identified separately; no solid-brass or plating claim.
Seat & overall dimensions	Unit-bearing overall width, depth and height, usable seat dimensions and the finished floor-to-seat reference are required for the selected stool. A counter-height category is not assigned without those measurements.
Leg, counter & use inputs	Full three-leg footprint, counter underside and apron, footrest reach, floor-contact parts, required user loads and intended duty are coordinated for the actual construction.
Functions & delivery scope	No confirmed swivel or height-adjustment feature. Assembly format, supplied fittings, packed dimensions and weight, quantities and destination are identified for the order.

Stool appearance

Black / Gold-Tone Footrest: Black-finished ash wood stool with a contoured backless seat, three wood legs and a gold-tone metal footrest. Actual dimensions, wood finish and footrest material are identified for the order.

Ash Wood Stool, Metal Footrest, Fittings & Delivery

Individual stool: Selected black backless ash wood stool and gold-tone metal footrest, quantities and room/bar references; countertops and other furnishings separate.

Wood & metal package: Actual ash wood construction and black finish, metal footrest substrate and surface treatment, connections and agreed appearance references.

Fit, use & supplied parts: Unit-bearing seat/overall dimensions, leg footprint, footrest position, counter interfaces, required user loads and supplied floor-contact/connection parts.

Packing & destination: Protection for the contoured seat, legs and footrest, assembly format and responsibilities, actual packed size/weight, receiving access and delivery destination.
