Walnut-Veneer Writing Desk with a Red Metal Frame

Product Specification Schedule

Desk configuration	Rectangular writing desk with a wood-grain top, four aligned front panels and two open metal side frames; selected deep red frame appearance.
Selected desk	Wood-grain desktop with listed walnut veneer, four aligned drawer fronts and a deep red metal-frame appearance; veneer substrate and exact lacquer/finish references are identified for the order.
Desktop material	Walnut veneer as listed. Core material, veneer thickness, top thickness and edge construction are separate order specifications; solid-walnut construction is not assumed.
Metal support & finish	Metal frame described for this desk, with a listed hardware lacquer finish and deep red appearance in the selected image. Alloy, section thickness, connections and exact finish reference are confirmed for the order.
Front storage face	Four aligned drawer fronts are visible. Drawer interiors, usable dimensions, slide specification and any lock/key package are identified for the purchased configuration.
Size & work-area fit	Overall width, depth and height need confirmed measurements with units. Clear knee space, underside height, drawer travel and any equipment-clamp contact area are separate dimensions.
Equipment & assembly	Required desktop loads, equipment fixings, any cable fittings, supplied hardware and delivery/assembly format are specified for the order. Electrical outlets, monitor arms and chairs are separate items.

Desk configuration

Wood / Red Frame: Wood-grain desktop with listed walnut veneer, four aligned drawer fronts and a deep red metal-frame appearance; veneer substrate and exact lacquer/finish references are identified for the order.

Writing Desk, Fittings & Delivery Package

Individual desk: Rectangular wood-top desk and selected red metal-frame configuration; quantities by room or workstation, with chairs and desk accessories separate.

Veneer & frame finish: Listed walnut-veneer basis, ordered core and edge construction, metal support specification and agreed visible finish references.

Storage & work-area requirements: Confirmed unit-bearing desk and chair-clearance dimensions, drawer interiors/slides, any required lock package, loads and equipment or cable requirements.

Packing & assembly: Top, front-edge and frame protection, supplied connections, assembled or separate-part format, actual packed dimensions/weight and delivery destination.
