Oak-Veneer Dresser with a Marble Top and Four Drawers

Product Specification Schedule

Dresser configuration	Freestanding dresser with four stacked drawers, broad flat fronts, curved end panels and a light marble top.
Selected configuration	Oak-veneer natural wood finish over a multi-layer board cabinet body, with a natural marble top, four drawers and listed soft-close bottom-mounted rails.
Cabinet body & finish	Multi-layer board cabinet body with an oak-veneer natural wood finish. Board composition, veneer build-up, edge treatment and coating are identified for the ordered cabinet.
Top material	Natural marble top as listed. Stone reference, thickness, edge profile, support and any surface treatment are specified for the actual top.
Drawers & runners	Four drawers with listed soft-close bottom-mounted rails. Runner model, extension, load rating and usable drawer dimensions are separate specifications.
Size & room fit	Overall width, depth and height, full drawer travel, internal openings and receiving dimensions require confirmed measurements with units. Any restraint and floor-contact requirements apply to the ordered cabinet.
Care & delivery format	Soft dry cloth for the wood finish; pH-neutral stone cleaner and a lint-free cloth for the marble. The order identifies assembly format, top protection, supplied fittings and packed dimensions.

Dresser configuration

Natural Oak + Marble: Oak-veneer natural wood finish over a multi-layer board cabinet body, with a natural marble top, four drawers and listed soft-close bottom-mounted rails.

Dresser, Marble Top, Hardware & Delivery

Individual dresser: Oak-veneer dresser with curved ends, four drawers and a natural marble top; cabinet quantities and room references. Decorative objects are separate.

Material & finish package: Multi-layer board body, oak-veneer and coating references, marble selection, thickness and edge details, and ordered soft-close bottom-mounted runners.

Size, access & fittings: Unit-bearing overall and internal measurements, drawer travel, required runner loads and any specified floor-contact or restraint parts and responsibilities.

Packing & destination: Stone-top and veneer-edge protection, assembled or separate-part delivery format, actual packed size and weight, destination and receiving access.
