Cristallo Quartzite Slabs

Product Specification Schedule

Named material	George Stone Cristallo; source-labeled natural quartzite
Stone & surface selection	Cristallo natural quartzite; polished or honed finish and project-specific thickness selected for the order
Color & visible pattern	A pale crystalline ground crossed by gray and warm vein movement; natural differences between selected slabs
Explicit finish choices	Polished or honed; selected finish and treated faces recorded with the order
Dimensions & thickness	Cut to project dimensions; customizable thickness. Actual slab and finished-piece dimensions agreed for the order.
Applications & interfaces	Walls, floors, countertops and custom interior pieces; edges, joints, openings and supports specified for the actual installation
Supply & fabrication scope	Selected material, pieces, cut sizes, visible edges, openings, finish, packing and freight separately itemized
