# Wood Display Shelf with Tall Rounded Back Panels

**Product Specification Schedule**

| | |
|---|---|
| **Display configuration** | Four open shelf levels crossing tall rounded wood back panels, with alternating short dividers and projecting shelf ends. |
| **Smoked wood package** | Multi-layer wood panels with smoked wood veneer and a water-based finish, arranged as four open shelf levels crossing tall rounded back panels. Selected project layout: 2200 W x 400 D x 2000 H mm. |
| **Panel materials** | Multi-layer wood panels with smoked wood veneer and a water-based surface finish; core, face references and edge build individually specified. |
| **Selected project layout** | 2200 W x 400 D x 2000 H mm outside envelope; final component and clear-opening dimensions follow the shop drawing. |
| **Shelf and divider details** | Four horizontal levels with tall rounded panels and short alternating dividers; panel thicknesses, spans and connections separately scheduled. |
| **Wall interface** | Attachment points, mounting hardware and fasteners specified for the actual wall construction and intended display contents. |
| **Order and delivery** | Quantity, veneer reference, fixing scope, component packing, receiving route and agreed local installation recorded with the quotation. |

### Smoked Wood Finish

Smoked Wood Veneer & Rounded Panels: Multi-layer wood panels with smoked wood veneer and a water-based finish, arranged as four open shelf levels crossing tall rounded back panels. Selected project layout: 2200 W x 400 D x 2000 H mm.

### Rounded-Panel Wood Display Shelf Supply Scope

Display shelf body: Four horizontal shelf levels, tall rounded back panels and short dividers with the selected panel construction and connections.

Surface package: Smoked wood veneer, coordinated grain direction, water-based finish and exposed-edge treatment.

Layout and fixing: Selected 2200 W x 400 D x 2000 H mm outside layout; final openings and separately specified mounting components for the receiving wall.

Separate items and work: Packing, freight, destination handling and agreed installation itemized; books, decorative objects and adjacent furniture separate.
