450 mm White Fluted Pedestal Basin

A full-height freestanding washbasin with vertical fluting, a narrow waist and a gold-tone band below the flared bowl. The RS1881 stands 860 mm high on a 450 × 450 mm footprint, with no vanity needed.

Specifications

Model	RS1881
Finish	White
Overall size	450 × 450 × 860 mm
Installation	Floor-standing, freestanding
Surface	Vertical fluting
Form	Narrow waist, flared rim
Accent	Gold-tone waist band
Minimum order	Quoted per model at your project quantity. Where a factory model has a production minimum, the quotation states it; small quantities can ship with the rest of your project in one container.
Standards & certificates	Tell us the standards or certificates your market or project requires, and we confirm in writing which documents are available for this configuration before you order.

How We Quote the RS1881

Priced per basin
The quotation covers one RS1881 basin, boxed for export. Mixers and wastes are priced as their own lines.

Matching fittings
We can quote brass or brushed-gold mixers that match the band, and floor-standing mixers sized for an 860 mm basin.

Room packages
Hotel and villa orders are quoted per bathroom type, together with toilets, showers and tile.

Packing
Each basin is packed individually for export. Larger quantities ship palletized.
