D-P3666 Short-Projection Rimless Wall-Hung Toilet

A short-projection, rimless wall-hung pan for compact bathrooms. The D-P3666 extends 485 mm from the finished wall, is 370 mm wide and comes with a UF seat cover; it carries WaterMark and CE listings.

Specifications

Model	D-P3666 ceramic pan
Installation	Wall-hung, concealed installation
Overall size	485 D × 370 W × 365 H mm
Flushing	Rimless
P-trap	180 mm
Seat cover	UF
Listings	WaterMark · CE
Minimum order	Quoted per model at your project quantity. Where a factory model has a production minimum, the quotation states it; small quantities can ship with the rest of your project in one container.
Standards & certificates	Tell us the standards or certificates your market or project requires, and we confirm in writing which documents are available for this configuration before you order.

How We Quote the D-P3666

Priced per set

One set is the ceramic pan with its UF seat cover. Frames, cisterns and flush plates are priced as their own lines when you need them.

Listings and documents

D-P3666 carries WaterMark and CE listings. Ask for the certificate copies with your quotation and we confirm they cover the configuration you order.

Matching sanitary ware

We quote the pan together with basins, vanities and shower fittings for the same bathroom type, so the whole room ships in one consignment.

Packing

Each pan is boxed individually with its seat cover. Hotel and apartment quantities are palletized and labeled by room type on request.
