600 × 1200 mm Matte Travertine-Look Floor Tile

A warm ivory tile with fine linear bands that reproduce vein-cut travertine. The Vanilla color comes in 600 × 1200 × 9 mm with a matte glaze and four design faces, for floors and walls in calm interiors.

Specifications

Tile size	600 × 1200 mm
Finish	Matte Vanilla
Thickness	9 mm
Series	Travertine

Minimum order	Supplied in full packing units from one production batch, rounded up from your area. Small lots can ship with the rest of your project list in one container.
Standards & certificates	Tell us the standards or certificates your market or project requires, and we confirm in writing which documents are available for this configuration before you order.

How We Quote Vanilla Tile

Priced per m²
We quote by the square meter and round up to full cartons, adding a cutting allowance to your areas.

One production batch
Each order is packed from one production batch, so shade matches across every carton.

Other Travertine colors
Graphite and red travertine-look colors from the same series can be quoted in the same order.

Packing
Tiles ship in cartons on pallets. The quotation lists pieces and m² per carton and pallet weight.
