Standards & certificates	Tell us the standards or certificates your market or project requires, and we confirm in writing which documents are available for this configuration before you order.

How We Quote Swallow Grey

Priced per carton
Each carton holds 4 tiles, 1.92 m², 37 kg gross. We round your wall area up to full cartons with a cutting allowance.

One production batch
Each order is packed from one production batch, so color and engraving depth match across cartons.

With matching tile
Plain floor and wall tiles in grey-white tones can be quoted with it for the rest of the room.

Packing
Cartons are palletized for export. The quotation states the number of cartons and pallets.
