Ribbed Double Cast-Aluminum Entry Doors

A pair of cast-aluminum entry doors with fine vertical ribs in charcoal, two long pull handles at the center and light gold-tone panels across the base. Each pair is made to the size of your entrance.

Specifications

Door type	Double entry door
Main finish	Dark gray / charcoal
Material	Cast aluminum
Face	Fine vertical ribs
Handles	Paired long vertical pulls
Lower panels	Light gold-tone
Size	Made to each opening
Minimum order	Made to your project quantities. Small item counts are accepted when they ship with the rest of your project list; the quotation confirms the quantity for each item.
Standards & certificates	Tell us the standards or certificates your market or project requires, and we confirm in writing which documents are available for this configuration before you order.

How We Quote This Door

Made to the opening
Each door is quoted to the width and height of your entrance, with frame, leaves and handles.

Lock and hardware
The lock type, hinges and closers are listed on the quotation according to your choice.

Finish options
Charcoal with gold-tone panels as shown. Ask for other color combinations and we confirm them on the quotation.

Packing
Each door set is packed and protected for export.
