White Horizontal-Groove HDF Interior Door

A smooth white interior door with fine horizontal grooves across a flush HDF face. The single-swing door suits bedrooms, guest rooms and offices, and a solid core is available for a heavier, quieter door.

Specifications

Door type	Interior door, single swing
Finish	White
Face	HDF, flush
Pattern	Horizontal grooves
Surface	Smooth
Core	Solid core available
Size	Made to your door schedule
Minimum order	Made to your project quantities. Small item counts are accepted when they ship with the rest of your project list; the quotation confirms the quantity for each item.
Standards & certificates	Tell us the standards or certificates your market or project requires, and we confirm in writing which documents are available for this configuration before you order.

How We Quote Interior Doors

Per door schedule
We quote from your door schedule, with each size, swing and core listed.

Frames and architraves
Tell us whether you need frames and architraves with the leaves, and we confirm what can be supplied on the quotation.

Hardware choice
Handles, locks and hinges are listed per door type.

Packing
Doors are packed for export and can be labeled by room or floor for apartment and hotel projects.
