Curved Solid-Wood Dining Table with Chevron-Pattern Legs

Product Specification Schedule

Table form	Curved asymmetric wood dining top on two chevron-faced column forms and one broad plain support.
Material and appearance	Solid-wood table with a dark curved top, contrasting chevron-faced columns and a broad plain support.
Selected plan envelope	2000 L x 800 D mm procurement layout; final curved profile and support positions by the accepted order drawing.
Selected overall height	750 mm, adopted metric layout basis; underside, top thickness and seat clearances dimensioned separately.
Visible wood finishes	Dark wood top and broad support; two light-and-dark chevron columns. Wood species, coating and patterned face construction are order selections.
Assembly interface	Three supports beneath one curved top. Connection hardware, packed-part dimensions and handling weights are specified with the accepted assembly.
Supply scope	Top, support components, agreed connections and finish. Chairs, samples, packing, freight and site assembly separately listed.

Wood table configuration

Dark wood / chevron supports: Solid-wood table with a dark curved top, contrasting chevron-faced columns and a broad plain support.

Chevron-Leg Table Quote Schedule

Wood top: Selected layout, curved profile, wood range, edge work and finish.

Support assembly: Two patterned columns, broad support, exact face construction and agreed connections.

Room selections: Finish samples, chairs and any matching furniture as separately scheduled lines.

Delivery and assembly: Packing, freight, unloading, internal handling, floor protection and assigned site assembly.
