Custom Flat Wood Veneer Wall Panels

Product Specification Schedule

Panel construction	Custom flat real-wood veneer wall panel on plywood; dry interior cladding, with square finished edges and separate attachment.
Configuration options	Selected oak real wood face veneer over plywood, with balancing back veneer and clear finish; Selected walnut real wood face veneer over the same plywood build, with balancing back veneer and clear finish
Selected finished panel	600 W x 2400 H mm. Three panels plus two 6 mm face joints give 1812 mm facing width; perimeter setout additional.
Selected wood layers	18 mm plywood core + 0.6 mm face veneer + 0.6 mm balancing back veneer. 19.2 mm nominal wood-layer sum before adhesive/coating; final thickness by finished sample.
Joints and perimeter	Selected 6 mm face joints; 10 mm perimeter setout. Bounded three-panel opening: 1832 W x 2420 H mm before any revised installation/release allowance.
Fixing and interfaces	Actual clips/cleats, support framing, stand-off and removal clearance by accepted wall detail. Cutouts, corners and access panels located on elevation.
Order scope	Numbered panels and selected finish; edges, returns, joint backing, fixing parts, samples, packing, freight and site installation individually scheduled.

Wood veneer face

Oak veneer: Selected oak real wood face veneer over plywood, with balancing back veneer and clear finish

Walnut veneer: Selected walnut real wood face veneer over the same plywood build, with balancing back veneer and clear finish

Wood Veneer Wall-Panel Quote Schedule

Panel faces: Finished sizes, plywood/veneer build, species/cut, clear finish and numbered face sequence.

Edges and joints: Matching edge treatment, corner returns, shadow-joint backings and service opening details.

Attachment: Only the agreed clips/cleats, support parts and access provisions; wall preparation and support work separately stated.

Packing and delivery: Labeled panel list, edge protection, packing and freight; site measurement and installation individually assigned.
